PREFACE

THIS is the second portion of the collection sold earlier this year. Many of the German pieces were originally purchased at Messrs. Glendining auction sales. There has not been a comparable German collection sold since the Owston-Smith sales of 1951. As usual, as many coins as possible have been illustrated to make the catalogue a useful work of reference.

PRICED CATALOGUES

Coins

AFTER each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

On the average we issue twelve Coin catalogues a year, some of which are usually of sales of important collections. The **priced catalogues** are posted to subscribers as soon as ready. usually about three weeks after the date of sale and the subscription is . . . .
